Collection Description

Biographical/Historical note

This collection of photographs was named in honor of Willis Castle by the donor. Mr. Castle was employed by the city of Kansas City, Missouri as Superintendent of Markets and Broadway Bridge from 1974-1977. Many of the photographs have "Dept. of Welfare" stamped on the back.

Scope and content note

The Willis Castle Memorial Photograph Collection is a large collection containing 340 black and white photographs and one postcard which are arranged alphabetically by subjects selected at the time of processing by the processor. Most all are 8" x 10". The images are local in content and cover the years circa 1920 to 1950, with the majority taken in the 1940s-1950s. The donor, Mr. Dostal, was Superintendent of Markets and Broadway Bridge for the city of Kansas City at the time of the donation. Many of the photographs were once a part of the Kansas City office of the Department of Welfare.

A number of local photographers are represented. These include Anderson, Montgomery, PhotoView, Tyner and Murphy, Louis Putnam, Howdy Williams, Warner Studios, Harkins Commercial, etc.

Much of the content focus of the collection is on people and activities, especially neighborhood and children's activities. There are a number of photos of the City Market, Municipal Auditorium, various parks (activity oriented), and numerous primarily unidentified street scenes. City officials of the time are found in many of the views. There apparently were no negatives accompanying the photographs when they were donated. All the photographs are available for viewing online.
