Biographical Sketch

Sam Stephen “Steve” Lispi (August 20, 1916 - December 17, 2009) was a commercial artist who worked in Kansas City, Missouri for over 60 years. Born and raised in Kansas City, Lispi was the fourth son of two Italian immigrants from Fossato di Vico. He attended Central High School and graduated from the Kansas City Art Institute (KCAI) with a Bachelor of Fine Arts degree in 1937. As a KCAI student, Lispi studied under Thomas Hart Benton and aspired to become a painter. Recognizing commercial art as a more practical career path, he briefly pursued freelance work in New York City, where
his older brother Louis Lispi was employed by Walt Disney. Homesick, Steve Lispi soon returned to Kansas City. Louis Lispi remained in New York, where he worked as an Art Director for Walt Disney Productions until his retirement.

In 1942, Steve Lispi was drafted into the United States army and was stationed in the Pacific Theater, where he served as an artist with the 6th Special Service Company. During his nearly four years of service, he produced numerous artworks in a variety of media, which documented sites in New Guinea, Australia, Japan, and the Philippines. On March 9, 1943, Steve Lispi married Theresa Ann Joyce in Kansas City, Missouri. The couple had five daughters.

During his career as a freelance commercial artist, Lispi designed lettering, layouts, illustrations and various marketing images for clients in Kansas City and throughout the Midwestern region. His early employers included Henry Wurst of Continental Color Press, Inc. and Dealers Service Institute. In 1949 Lispi began working freelance for Colgan Engraving Company, where he would eventually serve as Art Director until the early 1960s. He also worked as Art Director for The Secretary, the magazine of the National Secretaries Association, during the late 1950s and early 1960s. Lispi obtained many of his clients through local printers Saml Dodsworth Company, Allis Press, Repo-Tone and Packaging Services.

Throughout Lispi’s career, he was involved in local artists’ organizations and served as president of the Advertising Artists Guild in the mid-1950s. He was also active in the Kansas City chapter of SPEBSQSA, a barbershop singing organization. He kept a studio on the 2nd floor of the Savoy Hotel from 1966 until 1982, after which he worked from his home studio in Gladstone, Missouri.

**Scope and Content Note**

This collection consists of original artwork of various sizes and media, as well as some correspondence and biographical materials. The items range in date from the early 1930s to 2002, although most are undated. Subsequently, the collection has been arranged into ten series according to type of material and therein by media, alphabetically by client, or chronologically when possible. Each series has been described at the item level, with the exception of the Series 2 furniture drawings and Series 6 check backgrounds. Please note that some items have been withdrawn to oversized storage.

**Series 1: Product Packaging Designs, Illustrations and Advertisements, 1946-1995 and n.d.**

This series contains packaging designs, original sketches and illustrations, printed advertisements, and retouches for various products, including household appliances, clothing, food, and hardware. Also included within this series are product manuals, catalogs and brochures from Kansas City retailers, including Donegan Optical Company, Wallace Manufacturing Company, and Whitaker Cable Corporation. This series is arranged by product type and loosely by date.

**Series 2: Furniture Illustrations and Advertisements, 1959-1963; 1966 and n.d.**
This series contains furniture catalogs, original illustrations, and final print advertisements for various furniture retailers, including Cousin’s Furniture, Payne’s Furniture, Pilgrim House, and The Jones Store Company. Most of the original art was done on watercolor and/or pen and ink on illustration board. The corresponding newspaper advertisements appeared in the *Kansas City Star* and *Kansas City Times*. This series is arranged by medium and thereunder chronologically by date.

**Series 3: Restaurants and Menus, 1952-1981 and n.d.**

This series contains menus, layout sketches, lettering, illustrations, logos, and advertisements for various restaurants, eateries, and associated establishments, including many Holiday Inn restaurants throughout the Midwest. Many of Lispi’s menu designs were produced through Allis Press, a Kansas City printing business specializing in menu production. This series is arranged alphabetically by restaurant name.

**Series 4: Publication Covers, Layouts and Illustrations, 1958-1984 and n.d.**

This series contains cover designs, layout designs, illustrations and cartoons for books and magazines. A large portion of the artwork was created for *The Secretary* magazine, where Steve Lispi worked as art director, and printed via Saml Dodsworth Company. This series is arranged by publication, thereunder by medium, and thereunder chronologically by date.

**Series 5: Local and Regional Businesses, Clubs and Organizations, ca.1950-1991 and n.d.**

This series contains letterhead, logos, illustrations, print advertisements, brochures and various marketing images created for businesses, clubs and organizations located in Kansas City and throughout the Midwest. Clients include Holiday Inn, American Royal, The Kansas City Club, PBI/Gordon, and TWA. This series is arranged alphabetically by client, with country clubs, hotels, and tourism organizations grouped into their respective categories. (i.e. for Mission Hills Country Club, see Country Clubs—Mission Hills)

This series contains banking checks produced by Kansas City printer Saml Dodsworth Company, who served clients throughout the Midwest, including Arkansas, Kansas, Missouri, Nebraska, and Oklahoma. While this series includes some of Steve Lispi’s original designs for check backgrounds, many of the checks in this series may have been designed by other artists. This series is arranged alphabetically by bank/client name.

**Series 7: Miscellaneous Artwork and Lettering, 1948-1995 and n.d.**

This series contains miscellaneous and unidentified original artwork, prints, and lettering. The original artwork within the series includes mascot cartoons, fashion sketches, various mixed-media drawings, and small paintings. This series has been loosely arranged by medium.
Series 8: Louis Lispi Political Cartoons, ca. 1930s

This series contains three political cartoons created by artist Louis Lispi (1906-1997), Steve Lispi’s older brother. Louis Lispi graduated from the Kansas City Art Institute in 1928 and briefly worked in Kansas City as a commercial artist. In 1934 he moved to New York City, where he worked as Art Director for Walt Disney Productions until his retirement in the 1970s. Louis Lispi’s open criticism of the Pendergast political machine factored in his relocation.

This series contains miscellaneous items, including materials from the Kansas City Art Institute, Lispi’s U.S. Army discharge papers, images and biographical materials, certificates and awards from professional organizations, and business records. This series is arranged by type of material and thereunder chronologically by date.

This series contains a scrapbook of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America (SPEBSQSA). Steve Lispi, who was involved as a performer and held various leadership positions within the organization, hand-lettered the scrapbook and designed several programs and letterhead. The scrapbook contains photographs, including some of Steve Lispi, correspondence from members, a SPEBSQSA button, as well as a certificate of good standing from the SPEBSQSA North Kansas City Chapter.
