Citation note: Siegrist Engraving Company Etching collection (SC57), Missouri Valley Special Collections, Kansas City Public Library, Kansas City, Missouri.

Collection Description

Biographical/Historical note

The Siegrist Engraving Company located at 924 Oak was founded in 1902 by Mr. Henry S. Siegrist. It continues to be in business at that location today. Mr. Siegrist was active in civic affairs, including the Citizen's League, which in the early 1920s helped obtain a non-partisan city charter. He was instrumental in founding Lincoln & Lee University, which in turn became the University of Kansas City, later the University of Missouri- Kansas City. Mr. Siegrist died at the age of 98 on January 19, 1961 in Kansas City, Missouri and is buried in Forest Hill Cemetery.

Scope and content note

This collection is comprised of 35 etchings of notable Kansas City historical landmarks, including buildings, residences, and riverfront scenes. The etchings were promotional materials published and distributed by the Siegrist Engraving Company, a Kansas City- based engraving and printing company and cover the years 1936 to 1966. They are predominantly 8" x 10", and all are black and white. Also included in the collection are three pocket-sized company calendars from 1959, 1961 and 1962, each with an engraving of a local landmark. Many of the etchings were created by Margaret Brenton. There is a chronological inventory of the scenes listing each etching title, and a subject list is included which details what landmarks appear on which year's image.
Collection Inventory
